Taylor—This is the third time I have emailed you in the last 3 or 4 weeks asking whether you can put me in touch with my former neighbor so I can readily get some bids on the pass-through project. I have the revised landscaping plan.

If you are not able or don't intend to get me her information, please let me know and I will start the process all over again.

Thank you

Saul

Hi Saul,

I am very excited to hear the plan continues to move forward! The information I have for was & . For some context - after she designed the plan, I set up a meeting with BOE leadership to get the plan permitted (though truth be told folks can just go to the counter), and had identified a fundraiser) which I said we would LOVE to be involved with supporting, but feel apart when I think I got folk's hopes up with a potential LADWP grant. The grant didn't happen and when the grant fell through the team got demoralized and didn't follow through on the private funding option they originally planned.

The path forward I imagine is to get this permitted, raise the money, and contract for it to be constructed! Let me know how I can be helpful at any step along that way. Please feel free to text me since this is such a priority.

-Taylor

Thanks Taylor. I will reach out to

I think we should get a bid for the plan prior to permits and fund-raising, so we know what we will need. The plan is pretty similar to the prior plan, so I am not worried about permits not being issued (plus we have your help!). I just don't want to start the process not knowing how much money I will need to raise.

I'll let you know.

Best,

Saul

Makes sense! Let me know what the bids look like - I want to be helpful at raising some of the money!
